## "25th Year" - Mark & Karyn Williams

*Story submitted by Mark Williams*

No, the title is not a typo about the years the Mustang has been around. Instead, it's how my wife and I purchased our matching Mustangs during our 25<sup>th</sup> year of marriage. This story starts in January of 2016. My wife, Karyn, drove a Dodge Ram as a vehicle of choice and I had my 2012 red MCA edition Mustang. One day I was at work when I received a text that she had seen a car she wanted. I was curious since I knew she loved her truck so I asked why she liked it and she texted back that "it's a convertible and I've always wanted one." Of course, my next question was what model, in which she replied "Mustang". My next reply was "buy it!" Well, not being that crazy she waited a few weeks to see if the price would come down, made more than a few test drives, and really debated a truck vs a convertible. The Mustang was a 2015 triple yellow v6 convertible with black racing stripes and not bad on the mileage, and the price was very reasonable. After calling the dealership and showing some more interest we figured out a price for her to offer which was a thousand dollars less than the car was currently priced. The next day she went to the dealership to negotiate the deal. Well, to her amazement that morning the Mustang was marked down another thousand dollars. Of course, that made the deal very easy from that point. So I was proud that she had finally returned to being a Mustang owner. (Our first Mustang, which was her car, was a 2008 grabber blue that we gave to our son.) Now fast forward to August of 2016, I again was at work and received a text from my wife. This time

she said "I think you will want to see the car I just saw at the dealership where I got mine." Well, I was very happy with what I already had in my 2012 MCA, which was paid off, so I texted back that I was not interested in a car right now. Again, she texted back "you will want to see this one." I left it alone till I got home that night when she said let's go see that car I mentioned. I had nothing better to do so we went for the ride. When we arrived to the same dealership where she had bought her car, there sat a 2015 triple yellow v8 with black racing stripe, Recaro seats and performance package. At first, my thought was this would be my dream car as my first v8 and it was already loaded, but I figured the price and extra costs in gas would not make it worth buying. We went home after deciding not to purchase it, and for a few days I could not get it off my mind. I mean, how cool would it be for us both to have almost identical Mustangs on the year of our 25<sup>th</sup> anniversary of marriage? Finally, we sat down and went over some of the numbers again and I asked, "can we afford it?" In which she replied "If you really want it, we can afford it."

The next weekend she went in and got the deal I wanted and away I went, to living one of my dreams. Now I guess there are a couple of points to this story, first being - things you don't ever think will happen, can happen! Second, that timing is everything as "fate" or whatever allowed this happen during this special year for us. Third, and best of all, even though we love our Mustangs, the love and compromise that allowed all of this to happen is the same love that makes for 25 years of marriage!

## San Antonio Mustang Club Editorial Statement of Purpose

The San Antonio Mustang Club (SAMC) is a San Antonio-based Club that also encompasses surrounding suburbs and smaller cities. SAMC is the first and largest Mustang Club in San Antonio. The Club was started in 1980 with only a handful of Mustang enthusiasts that answered a newspaper ad and gathered in the Northstar Mall parking lot. The Club presently has grown to over 150 memberships with 80% being family memberships making the Club over 200 strong. We are dedicated to serving all those who own a Mustang, who are past owners, or who dream of owning a Mustang and just simply love the Ford-built muscle car. We work to educate Club members and the public about all generations of the Mustang and promote its appreciation. You do not have to own a Mustang to become a member.

If this is your first time attending our Meeting or reading this publication, welcome and thanks for choosing to visit! We encourage you to explore all that SAMC has to offer. Check out our website: [SAMUSTANG.COM](http://SAMUSTANG.COM).

If you have questions, please ask any member. If they can't help you or answer your question, they can definitely point you in the right direction!

Ready to join the San Antonio Mustang Club? You can join SAMC [Member Signup](#) online registration. At the end of signup you will have the payment option of online payment (credit card) or print out invoice and mail it in with your payment.

## SAMC Editorial Policy

The purpose of the San Antonio Mustang Club's monthly newsletter, HOOFPRIINTS, is to provide the membership with information on Club activities, cruises, volunteer opportunities, various articles on topics relating to Mustangs, editorials, and an occasional humorous insert.

Any member who wants to contribute their own article, editorial, or letter to the Editor with comments on previous Newsletter contents, is welcome and encouraged to do so. This is a publication put together for the benefit of the Club and belongs to the Club members. Without the members, this publication would not be possible. Comments and suggestions are always welcome.

Anything submitted for the purpose of publication will be reviewed and possibly edited. The Editor, with the President and Board, has the right to refuse any article or editorial if the content of such is considered offensive, vulgar, or of questionable material. Readers should also know that all content submitted by other members are opinions only, relating to the integrity of the person who submitted the article, and should not reflect as the opinion of the Club as a whole.

### MESSAGE FROM THE EDITOR

I can hardly believe we are almost halfway through the month of March already. This week is Spring Break for most. Time has flown by so quickly. Pretty soon it will be Summer, and with Summer comes vacations, traveling, and cruising to fabulous destinations around this great country.

As you plan your trips and begin your travels, please consider snapping photos of all of your adventures. Take notes on places you visited, restaurants you ate in, and even the hotels you slept in. Send me your photos and your thoughts on your travels! I would love to feature them in our Newsletter. Even if you didn't take your prized "baby" on your trip, I would love to see and read about where you went and why you chose your destination!

Folks always have their phones on them, so no excuses for not sending the photos! I can help you with writing something about your trip. Besides, your photos and story might inspire someone else to visit the same place you traveled to...

Send your articles, etc. and photos to:  
[rebeccadowda@yahoo.com](mailto:rebeccadowda@yahoo.com)

Submission deadline for the APRIL 2017 issues: the Friday following the monthly Club meeting on April 5 - so that's Friday, April 7th.

Thank you for putting your trust in me!  
Respectfully,

Becky Dowda

## President's Path

Article by  
Paul Woeppel,  
President

Fellow SAMC Members,  
Can you believe we are already headed into April? I am not sure what the ground hog had in mind when it said would be a short winter. As I am writing this, New York and the Northeast are getting slammed by snow and cold weather. Luckily for us in Texas, the weather is starting to be enjoyable. Soon we will see a flurry of cruises, car shows and other automotive activities occurring. We are already in the planning phases of our 36th Annual Charity car show, so if you would like to volunteer, or provide input into the activities, we welcome your help. We also will be putting together our annual picnic and cruise. This year we will head up to Luckenback, TX for lunch and afterward a short cruise in the hill country. As you can see, we have a lot of activities planned, but it takes volunteers not only to assist with them, but also to help lead them up. For example, if there is an activity you see and would want to do, and you also think some of the members might want to do it, why not lead up the activity or work with another member or members to put it together? Trust me when I say, we are not all experts when it comes to putting events on. Sometimes things just don't go as planned, especially with weather and traffic. However, if you don't do the event, and we as a club don't do the event, then we collectively may miss out on some memorable times. I had the pleasure of going to Jack and Barb Klug's house recently, and I have to tell you it was like a trip down SAMC memory lane with the photo albums they made of the events they participated in over the years. Jack and Barb have had some wonderful experiences, and you can tell this because they have been in the club since the beginning and enjoy the people and places they have met along the way. If I recall correctly, Jack and Barb have met Carol Shelby, and Jack Roush who were and are pioneers in the mustang world. Not many of us can say that! I know I can't. Those are the experiences I want our club to have. Whether it is participating in a parade waving to kids, or participating in a car show (knowing the money you used to enter is going to a good charity.) Best of all though, it's the people you met along the way. So, the next time someone asks you why are you in a mustang club, you can grin and say it's because of the friends we meet along the way and the good times we have together. As they say in the movies, let's saddle up and ride!  
Paul

## Jordan Ford Chili Cookoff

The San Antonio Mustang Club was asked to participate in Jordan Ford's Chili Cookoff on February 18th, 2017, held in their front parking lot. Paul Woepfel was in charge of getting volunteers to make the chili and also bring their cars for a show-n-shine. Several car clubs participated from our area, including Alamo City Stangs and Family, City Limit Stangs, Top Stang, SAMC and Wild Side Stangs San Antonio Chapter. Thank you to all the clubs who came to support Jordan Ford. The purpose of the Chili Cookoff was to raise money for two Ford technicians who were experiencing hard times.

SAMC took first place for their chili that was a recipe found by Karyn Williams. Karyn shared with us that she had never made chili before, and this recipe was also new! She and her crew (Bea Kalinowski, Becky Dowda, and Karyn's soon-to-be daughter-in-law) all helped make this chili become #1! SAMC was given \$100 and a trophy for first place. SAMC donated the winnings back to Jordan Ford, which they appreciated very much. It was great to see so many Mustang clubs come out in force!

## Stamps On Mustangs

Story submitted by Jack Klug

I don't collect stamps. Never interested me. Tried coins for a number of years back in the 1960's and 1970's, but gave it up. I do, however, like to collect anything to do with Mustangs. I collect diecast models, unbuilt models, hatpins, Mustang factory postcards, Mustang brochures, and just about anything else.

In 1999 the U.S. Postal Service came out with a .33cent Mustang stamp as part of their sheet of "Celebrate the Century" series for the 1960's. Beautiful stamp of a red (naturally) 1965 convertible. I don't think you could ever buy the stamps by themselves, but had to acquire the entire 1960's sheet with Barbie, The Beatles, and 12 other stamps. There were also two sizes of commemorative Mustang stamp envelopes (which can currently be purchased from MCA.)

Many foreign countries, however, have commemorated the Mustang for a number of years. After reading an article in the May 1986 issue of "Car Exchange Magazine" I began my search. Every time I discovered new stamp store in San Antonio or any other town I went in and asked for Mustang stamps. Never found any. Finally about a year or so ago, I started using EBAY and Google for my search. Not a great deal of luck. But I have been able to find the stamps pictured with this article.

First is a 1965 red convertible from Saint Lucia, a double stamp.

Next is a large stamp with the 1962 Mustang prototype which includes a smaller stamp of the Mustang running horse released by Antigua & Barbuda.

My favorite stamp has Lee Iacocca, the so-called father of the Mustang on it. If you look carefully, you will see a red 1964 coupe. This stamp, put out in Tajikistan, is actually a picture of the April 17, 1964 issue of "Time" magazine.

Finally, I have a sheet of 9 Mustang stamps released by Chuvashia in 2000. Most, if not all of these stamps, are copies of Ford Postcards.

I am still looking for a 1966 blue coupe from Grenada, a 1965 red coupe from Grenada-Grenadine, a 1968 blue Shelby convertible from Tuvalu, a 1970 red Mach I from Ghana, and a 1970 Mach I from Manama. I will find them eventually.

The Chase, also known as Bracket Racing, is one of the most exciting types of races to watch. Racers bring some of the fastest cars from around the planet to compete for over \$100,000. The International Hot Rod Association (IHRA) organizes this series where racers build motors, drivetrains & chassis from the ground up. The goal is to win races through consistency and fast passes. Fans get to witness big rigs and trailers hauling over 200 dragsters, door cars, roadsters and muscle cars and an international line up of racers.

The race cars leave the line at different times and The Chase begins. The slower of the cars leave first forcing the faster cars to chase them down before the finish. Racers fuse with machine as they try to get an advantage down the length of the track. Fans keep their eyes peeled at the finish line as many races are decided by milliseconds!

There is one catch – racers must also pick the time that they will complete each pass before getting to the start. Go too fast and they automatically hand over the winnings. It's like a game of chess at 200+mph in 1/8 mile or less!

Nitro Jam 6PM-Midnight

## NitroJam - Returns!

Fire Breathing Fuel Altered's, Ground Shaking Pro Mod's, and the Nostalgic South West Super Chargers return to the San Antonio Raceway for an action packed night!

The feeling physical feeling you get when a Nitro burning Fuel Altered's rockets down the track is like nothing you've ever experienced! The thunderous roar of the Texas Outlaw Pro Modified Associations stars like Steve Wiley, Gaylen Smith, or "Nitro Bob" roar down the track in their 3,000+ Horsepower Pro Mods! Also the South West Superchargers will take flight in their Supercharged Dragsters with NO driver aids, so much can happen when you are in complete control of a 2,000 Horsepower Dragster all while Index racing, trying to get as close to 4.60 as possible!

You may need to bring your sunglasses because the Raceway is going to light up!

## IT'S FINALLY HERE - CRUISIN 2017!

Featuring Band

"JACKIE & THE DUKES OF COOL"

**Cruisin' Every Friday 6PM TO 10PM**

(Weather Permitting)

**March 31st thru November 17th**

### BIFF BUZBY'S BURGERS

Dear Cruiser:

Biffs is wild about classic cars (all makes & models)! When we started Cruisin' Night 7 years ago we barely filled a quarter of the parking lot. Yet today it is getting hard to find a space.

We appreciate the fact that more & more people are joining us for the fun. As sole sponsor & organizer of "Cruisin' Night" we provide the place, labor, music/entertainment, outside beer booth, security, etc. all of which is strictly funded by your purchases. Biffs primary goal is to provide good food & service to our customers, the people who support us. **This includes parking spaces.**

As a result there is a **\$5.00 cover charge (Cash Only) for each vehicle. This \$5.00 (a coupon) is redeemable on any food orders (dine in or take out) at Biff's.** We are forced to do this as too many are taking a space bringing their own beverage and food or purchasing elsewhere. We know this will continue but it will cost you \$5.00 for a parking space.

#### Parking lot rules:

- (1) Parking spaces are based on first come, first served; spaces cannot be held.
- (2) As we provide the music, we ask that all car radios, boom boxes, etc. be turned off.
- (3) No speeding or peeling rubber
- (4) Do not block any intersections, easement road, or other vehicles
- (5) Our restrooms are for our customers only.
- (6) Improper behavior will not be tolerated.
- (7) No vendors.
- (8) We close at 10pm. We respectfully ask that the parking lot be cleared by 11:00!
- (9) Please dispose of your trash either by taking it with you or in one of the trash cans we provide.

We enjoy everyone coming out for "Cruisin' Night" every Friday. All we ask is for your support and observance of the rules.

Thank-you for your cooperation.

## MCA 2017 NATIONAL SHOWS

At our SAMC Meeting on January 5th, Tom Bader gave us all some great information about upcoming Mustang Club of America National Shows. Two of the shows are considered National, and one is a Grand National show. Tom encouraged all SAMC Members to put a National MCA show on their bucket list, saying "it's a great time to meet others!" Below are the three National Shows.

### GULF COAST MUSTANG SHOW

March 24 –26, Pensacola, FL  
Pensacola Interstate Fairgrounds  
Gulf Coast Regional Mustang Club  
[Gulfcoastmustangclub.org](http://Gulfcoastmustangclub.org)

### HOOFBEATS IN THE DESERT

May 12-14, Tuscon, AZ  
Casino Del Sol  
Old Pueblo Mustang Club  
[Oldpueblomustangclub.org](http://Oldpueblomustangclub.org)

### GRAND NATIONAL GOING TO KANSAS CITY

August 25-27, Overland Park, KS  
Overland Park Convention Center  
Mustang Club of Greater Kansas City  
[Mustangclubofgreaterkc.com](http://Mustangclubofgreaterkc.com)

**SAMC is currently making plans as a group, headed by Tom Bader, to attend the Grand National show, going to Kansas City.** The show is scheduled for August 25-27 and hosted by the Mustang Club of Greater Kansas City. Although events and activities are subject to change, the MCGKC promises opportunities for attendees to enjoy the KC metropolitan area's restaurants and entertainment venues. Here is the itinerary posted in the Mustang Times Volume 41, No. 1, Page 11:

#### Friday Evening, August 25:

Welcome Reception and Tailgate Party. Wear your favorite team apparel and enjoy Zagat rated Kansas City BBQ and beverages while playing tailgate games.

#### Saturday Evening, August 26:

Open evening with off-site venue packages, including choices of Downtown Kansas City Tour, Top Golf Experience,

Shopping and Dining Tour, and Plaza Cruise down Ward Parkway to the famous Country Club Plaza for shopping and dining.

#### Sunday, August 27:

Breakfast buffet followed by awards ceremony and Sunday Cruise to a local entertainment venue.

By the way, there's a Mustang show too, to be held at the Sheraton Overland Park Convention Center adjacent to the host Sheraton Overland Park Hotel.

Registration is open now at

Tom said that preliminary plans are to leave on Thursday, August 24 and drive about half-way, possibly stopping in Norman, OK for the night. He said that those that want to can cruise into Oklahoma City to enjoy their river walk and other night activities. In the morning the group will depart and go the rest of the way to Kansas City. Tom is planning to return on Monday, however folks are free to leave on Sunday if they want.

## INSTALLATION BANQUET

A VISIT FROM HENRY FORD III HIGHLIGHTED THE INSTALLATION OF THE MCA'S 2017 OFFICERS AND DIRECTORS

BY DONALD FARR

**T**he MCA made its annual pilgrimage to Scottsdale, Arizona, on January 20-22 for the installation of the current year's officers and directors. With twenty-five of the 30 officers and directors in attendance, it was a good turn-out to take the MCA oath as delivered by president Jeff Mays. Between Friday evening's Installation Banquet and Sunday's Board of Directors' meeting, the group had the opportunity to attend the nearby Barrett-Jackson Collector Car Auction, which provided passes along with booth space for soliciting members.

This year, the group was fortunate to secure Henry Ford III as guest speaker. Now serving as Marketing Manager for Ford Performance, HFIII arrived early to chat with MCA members and graciously posed for photos before and after his presentation. He is obviously a man on the move at the company that bears his name. He is the son of Edsel Ford II, grandson of Henry Ford II, great-grandson of Edsel Ford, and great-great-grandson of Ford Motor Company founder Henry Ford.

Along with returning board members, the MCA welcomes a number of first-time directors: Sean Cook, Cesar Garcia, Al Hammond, Manny Saenz, Vanessa Guzman, and Terry Trusdell. **MT**

(L-R): Directors Donna Arends, J.P. Weber, George Valeri, Frank Morales, and Mike Epperson enjoy some social time before the start of the banquet at the Phoenix Airport Marriott.

Twenty-five officers and directors were on-hand to take the MCA oath from president Jeff Mays.

## CONGRATULATIONS TO SEAN COOK!

This article was copied from Volume 41, No. 03, March 2017 edition of Mustang Times

In town for Barrett-Jackson, Ford Performance Marketing Manager Henry Ford III delayed his flight home to speak at the MCA's Installation Banquet. He was happy to pose for photos with (L-R) MCA VP Tim Hahn, new director Sean Cook, and long-time director Ed Hockaday.

MCA president Jeff Mays (C) made the rounds, stopping by to greet Jim Keenan (L) and to welcome new director Cesar Garcia (R), who brings a youthful outlook to the board.

Only one invitation was needed for the buffet line.

Henry Ford III shared insight and news from Ford, then bravely opened up the floor for questions. He has already learned how to deflect questions about future product.

Henry Ford III was gracious with his time, stopping here to view cell phone photos of Al Hammond's Mustang.

Afterwards, Ford III stuck around for more photo ops, including this selfie with Cesar Garcia.

## San Antonio Mustang Club History

I was given two plastic containers full of SAMC historical documents from Roy Putz. Inside, I found something wonderful. Something remarkable. I found the very first issue of "Hoofprints - The Official Publication of the San Antonio Mustang Club." Finding that was like when I was a kid at Christmas, opening up the first gift under the tree. What an exciting moment for me as a new member and also as the Editor of Hoofprints to come across this gem. I have chosen this as the item of SAMC History to highlight for you this month. As I continue going through the containers, I will surely find more wonderful things to share, and will be scanning and posting them here for everyone to enjoy and learn more about the history of our great club. ~Becky Dowda

The San Antonio Mustang Club was chartered in February, 1980. The club is primarily a social organization for those interested in Ford Mustangs and Shelys manufactured between 1964½-1973. Goals of the club are to socialize with other Mustang/Shelby enthusiasts, to share technical information, to help other members work on their cars, and to participate in club sponsored events.

\*\*\*\*\*

Membership in the club costs \$20.00 per year or \$2.00 per month for an individual or family.

\*\*\*\*\*

MEETINGS: Meetings are held the first and third Wednesday of each month at Shakey's Pizza Parlor, 7074 San Pedro. The meeting time is 8:00.

## SEASON'S GREETINGS

I suppose everyone thought we wouldn't have a newsletter because it has taken so long to get it out. Well, consider this, our first San Antonio Mustang Club newsletter, to be your Christmas gift. This newsletter also needs a name, so I hereby announce a "NAME THE SAN ANTONIO MUSTANG CLUB NEWSLETTER CONTEST." The winner of the contest will receive a \$20.00 prize. The club officers will select the 3 best entries at the January 20, 1982 meeting, and the winner will be selected by popular vote at the same meeting. So write down your entries and get them to either Mark Cumberland or Jack Klug.

This issue's contributions are rather limited. Jack Klug and I put it all together, but we welcome all help and constructive criticism.

*mark Cumberland*

## GREETINGS FROM THE CLUB TREASURER

For those of you who may be reading this newsletter and would like to join the San Antonio Mustang Club, dues are \$20.00 per year or \$2.00 per month for a family or individual, plus a \$5.00 initiation fee. For your money you receive a club T-shirt, the club newsletter, and a membership packet including membership card and a list of local businesses where the club receives a discount.

## SUMMER ACTIVITIES

This past summer was filled with activities that gave our club members a chance to show their cars and participate in competition with members of the many other car clubs in San Antonio. Among the activities that the membership participated in were the San Antonio Street Rods Second Open Run, May 3; Joe Ward Community Center Volleyball Tournament and Car Show, May 23; South Texas Truckers Third Annual Friendship Run, August 1 and 2 (where Kathy Angell won a trophy in the women's creeper race); and the Road Runners Funday Run, October 4. Those who attended look forward to similar events this coming summer.

## GUESS WHO?

--painted his own car? Mike Frazier and Gail Koestner painted Mike's 1970 Stang fastback a Wimbledon White enamel. Jack and Jerry Klug painted Jerry's 1967 coupe a Brittany Blue enamel. Neither team has ever painted a car before. Great going!

--finally got a 4-speed box for his car? Rex Saltee did with a little help from his long time pal Dale Gall. The great thing about this is, he got the toploader, small block 4-speed and Boss 302-type shifter for a mere \$100.00. Hey, Dale, find me a deal like that. . . . Dale, oh Dale. . . .

--bought himself another car? Robertson Atherton purchased a 1965 fastback that he has been wanting for a long time.

--attended the national Shelby meet in Monterey, California? Sidney Perales made the trip with some of the local Shelby owners on August 18-20.

--attended the national Falcon convention in Hot Springs, Arkansas this past summer? James and Alma drove their convertible up there during their vacation.

# HOOFPRI<sup>nt</sup>TS

Vol. 1, No. 1

December, 1981

--is building himself a pseudo Boss 351C? J.C. Sallee is, and according to sources all he needs now is for Santa to leave him a car in his Christmas stocking. Ho, ho, Jay. Too bad it's only going into a (gulp!) Cougar. Well, maybe next year Santa will put a Mustang under your tree so you can put that motor into a good car.

--had a party for the club? Kathy and Jon Angell had the club out to their country estate for a hot kickball game (someone forgot the football and volley ball) and some cool refreshments on November 7.

This is certainly not everything that has been happening to the individual club members, but the editor needs to hear from you. Drop him a note!

## HANDY HINT #1

When installing headers on your Stang, do you sometimes have an exhaust leak at the junction of the headers, gasket, and head? Well, you can seal that leak with a product manufactured by Swiss Laboratories called Hot Cat Exhaust Sealer. Its primary purpose is to seal catalytic converters (what's that?), but used as a gasket sealer it works great.

## HANDY HINT # 2

How many of you Mustang owners have acquired a tear along the seam of one of your seats and can't afford to have it reupholstered just yet? If you have, the tear is probably on a front seat along the piping of the inset horseshoe in the middle of the seat. If this is your problem, then buy a tube of Super-glue or Crazy Glue. Clean the area with lacquer, get a friend to hold the seams together, and apply the glue according to instructions. You might even give it a second coat after it dried good. It works, it's cheap, and it holds.

## FIFTH TEXAS REGIONAL SHELBY MEET

The fifth annual SAAC Texas Region Fall meet was held at the Holiday Inn in Bedford, Texas on October 16-18, 1981. The San Antonio Mustang Club was fortunate to have 13 members attending: Jon and Kathy Angell, Mark Cumberland, Steve and Alma Deleon, Dale Gall, Jack and Barb Klug, Sidney Perales, Bobby and Pam Pianta, and Rex and Jay Sallee--an increase of 8 members over last year's meet. Club members rolled in at various times Friday and spent most of their time checking into the motel and drooling over the many beautiful cars in the parking lot. Saturday was a full day at Green Valley Raceway in Fort Worth with drag racing, parts buying, and rain (which didn't seem to slow anyone down). Saturday night was the awards ceremony with talks by Shelby club founder Austin Craig and former Cobra race driver Gentleman Tom Paine. Trophies were awarded to the drag race winners, and the evening wound down with some racing movies and a showing of "Bullit," with Steve McQueen and his green (or was it black? Ask Mark) 1968 Mustang fastback in a thrilling chase scene. We even managed to work in a couple of parties. Sunday was the car show at Chisholm Park in nearby Hurst. There were probably 200-250 cars entered, and everyone lusted over his/her favorite. Probably the most memorable display was 5 Cobras, a Daytona coupe, and a 1966 GT 350 with factory Paxton blower--all owned by Rick Nagle of Dallas. After the show everyone headed for San Antonio, tired but filled with plans for next year's show at Texas World

## THE LAST ROUNDUP

Well, there it is! Our very first club newsletter. But without the help of everyone in the club, it could be the last. Even if all you have time or talent for is constructive criticism, it is still a contribution. We need help with technical tips, art work, news bits, typing, reports on club events, gossip and rumors. Anything of interest to club members.

EDITOR'S NOTE: As I read this final page of the very first Edition of "Hoofprints", I was tickled it was said that without everyone's help, it could be the last publication. Obviously it wasn't! I especially found it humorous saying, "...We need help with...gossip and rumors. Anything of interest to club members." So I will also chime in and say - We still need your help with contributions to this newsletter. Every month I try very hard to make each publication better than the last. So, in keeping with those who first gave life to "Hoofprints," I too am asking for your photos, stories, articles, car stuff for sale, criticism, technical tips, jokes, memes, recipes, news, travel tips, reports on club events, car shows, cruises, and yes, I will even take your gossip and rumors (if they are appropriate to print.)

Jokes below taken from [www.ajokeaday.com](http://www.ajokeaday.com)

### Both Sides Of Law—

A police officer arrives at the scene of an accident in which a car smashed into a tree. The cop rushes over to the vehicle and asks the driver, "Are you seriously hurt?" The man answers, "How should I know? I'm not a lawyer!"

### Got A Speeder—

My mom has a lead foot so I was not surprised when a state trooper pulled us over as we were driving through Georgia. Hoping to get off with a warning, mom tried to appear shocked when he walked up to the car. "I have never been stopped like this before," she said to the officer. He responded, "What do they usually do ma'am? Shoot the tires out?"

### No Delivery Fee—

A truck driver was driving along on the freeway and noticed a sign that read: Low Bridge Ahead. Before he knew it, the bridge was right in front of him and his truck gets wedged under it. Cars were backed up for miles. Finally a police car came pulling up to the scene. The cop got out of his car and walked to the truck driver, puts his hands on his hips and says, "Got stuck, huh?" The truck driver says, "No, I was delivering this bridge and I ran out of gas."

### Walking the Line—

A police officer pulls over this guy who had been weaving in and out of lanes. He goes up to the guy's window and says, "Sir, I need you to blow into this breathalyzer tube." The man says, "Sorry officer I can't do that. I'm asthmatic and if I do that I'll have a bad asthma attack." The officer replies, "Okay, fine. I need you to come down to the station to give a blood sample." The man says "I can't do that either. I am also diabetic and will get low blood sugar." The officer says, "Alright then I need you to come out here and walk this white line." The man says, "I can't do that." "Why not," says the officer. The man replies, "Because I'm drunk!"

The next day it's get ready to spit polish 'Ol Bessy...then to the judges meeting. I had never judged before, but I studied hard and learned a lot! You could eat off the undercarriage on some of the 1st Gen Concoors cars!

My nephew and his son came up from Louisville and after seeing the show, watched the drag racing! This A-Body Mustang is warming up his tired before his run...

Later it was General Motors vs. Ford Motor Company! 139 MPH and 9.7 sec. on 1/4 mile... Impressive, but don't know how the Chevy won. ...must've cheated!

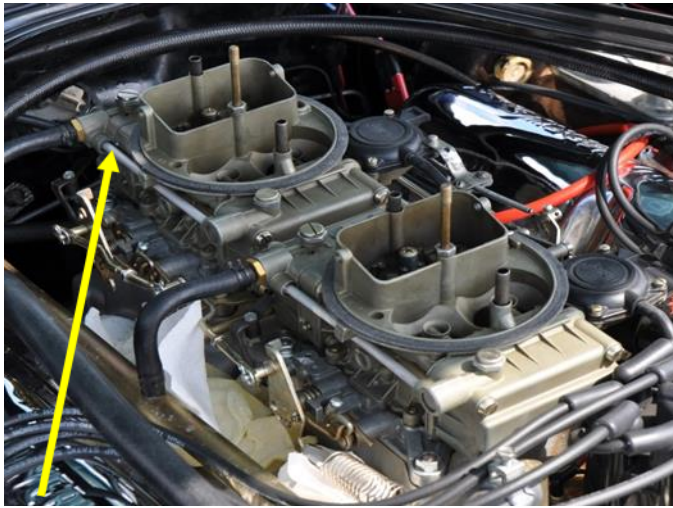

After that there was a REAL dragster... We got excited but he blew his engine on the start and had to be pushed in! Obviously not a 289!

You always meet new friends at these shows. I met Steve and Kim from Illinois who had "Beastly" - a '69 Mustang with a 429 and a dual quad Holly.

When they arrived Sunday, the intake was FULL of gas!

One of the transfer tubes had blown a gasket and was spraying gas all over the engine! Steve said his gas mileage had dropped...

Of course at a MCA show, there is ALWAYS a carburetor expert on hand! Replaced the bad gasket in no time!

Between the auto repair, time for awards. 'Ol Bessy got 1st and Beastly got Bronze in its first show! Way to go! Steve and Kim—Hope to see you in Springfield, Ill. for the MCA National Show Memorial Day Weekend 2014!

After the show, it was off again down the highway! This view is heading to Cairo in southern Illinois at dusk.

The only issue, in my haste to get the Memphis Sunday night, I let myself RUN OUT OF GAS in Arkansas, 25 miles from Memphis! I called my brother-in-law and AAA at 10:00pm and waited on the side of I-55 away from the car (for safety of course!) Then... it rained hard!

No problem! I have an umbrella! Then the lightning starts. Do I get struck by lightning, or get in the car and risk getting rear ended by an 18-wheeler? I choose the car. Finally the rain stops and I get out again. It takes over an hour for gas to arrive. Those 1966 taillights are not too bright at night! Remember—NO car problem, just OPERATOR ERROR! Many thanks to John and AAA!

Back to TEXAS!  
What an adventure!  
Can't wait for Charlotte in 2014!

## BEST CAR REPAIR TOOLS:

*Story submitted by Tom Bader*

1. **Duct Tape:** Not just a tool, a veritable Swiss Army knife in stickum and plastic. It's safety wire, body material, radiator hose, upholstery, insulation, tow rope, and more - in an easy to carry package. Sure, there's prejudice surrounding duct tape in professional competitions, but in the real world, everything from LeMans-winning Porsches to Atlas rockets and attack-helicopters use it by the yard. The only thing that can get you out of more scrapes is a quarter and a phone booth.
2. **Vice Grips:** Equally adept as a wrench, hammer, pliers, baling wire twister, breaker-off of frozen bolts and wiggle-it-til-it-falls-off tool. The heavy artillery of your tool box, vice grips are the only tool designed expressly to fix things screwed up beyond repair.
3. **Spray Lubricants:** A considerably cheaper alternative to new doors, alternator, and other squeaky items. Slicker than pig phlegm, repeated soakings will allow the main hull bolts of the Andrea Doria to be removed by hand. Strangely enough, an integral part of these sprays is the infamous Little Red Tube that flies out of the nozzle if you look at it cross eyed (one of the 10 worst tools of all time).
4. **Ridiculously Large Craftsman Screwdriver:** Let's admit it. There's nothing better for prying, chiseling, lifting, breaking, splitting or mutilating than a huge flatbladed screwdriver, particularly when welded with gusto and a big hammer. This is also the tool of choice for all oil filters so insanely located that they can only be removed by driving a stake in one side and out the other. If you break the screwdriver -- and you will just like Dad and your shop teacher said -- who cares, it has a lifetime guarantee.
5. **Baling Wire:** Commonly known as MG muffler brackets, baling wire holds anything that's too hot for tape or ties. Like duct tape, it's not recommended for NASCAR contenders, since it works so well you'll never need to replace it with the right thing again. Baling wire is a sentimental favorite in some circles, particularly with the Pinto, Gremlin, and Rambler set.
6. **A Quarter and a Phone Booth:** See tip #1 above. \* If it won't go - force it. If it breaks, it needed replacing anyway....
