## Northside Mustang Car Club

~Cesar Zavaleta~

### Passing Down the Mustang Passion to the Next Generation

This month I didn't receive any featured cars from SAMC, and I asked three folks for their stories. So I figured if I couldn't get a story from our own club members, I would ask Randy Weldon with NMCC to send me one of theirs, which he gladly did! ~Becky D, *Hoofprints* Editor

Randy said, "I first met Cesar when I saw him in a 2012 Shelby, red with white stripes. He introduced me to his son, Cesar Jr., who for whatever reason, I keep calling him Little Cesar... After the first time I met Cesar, I noticed I kept seeing him in different Mustangs. So I asked him for his backstory, and here it is." ~Randy W., *President NMCC*

Since I was in high school my goal was to own a Ford Mustang. As soon as I got out of high school when I was 18, I tried to buy one but the insurance was higher than the car payment. I couldn't afford it back then but my desire to own a Mustang never went away.

In 1999 I bought my first Mustang when I was 23. It was a V-6 in order to get a good rate on the insurance but I finally had the car of my dreams in that V6. It wasn't until 2001 that I got my first GT and after that I have owned all the new models.

Now that my son is growing and he also likes Mustangs, we have been working to own all 6 of the generations, so far we only have four a '66, '67, '92, and, a 2012 Shelby.

My son & I have been busy with Mustangs and Car Shows, and I'm so pleased we share the same passion that has lead me to meet many wonderful Mustang Owners in this huge community of Mustang Enthusiasts.

We bought the '92 5.0 for Cesar, Jr. That's going to be his first car. He loves the idea so much he even made me personalize his license plate with his name. The things we do for our kids but also it's the great pleasure of being able to pass down the Mustang passion to the next generation.

## President's Path

Article by  
Paul Woeppel,  
President

Happy February SAMC Members, and welcome to six more weeks of winter. At least it feels like it. Punxsutawney Phil has seen his shadow and so, hypothetically, we have to brave the winter a little longer. However, SAMC isn't standing still when it comes to activities. Soon the Blue Bonnets will be blooming and we will have to plan our next cruise to see them.

Along with our regular monthly cruise, all our focus is on the MCA event in McAllen, Texas. I have lived in Texas 57 years for the most part and have never been there, so I am looking forward to meeting up with Manny Saenz, who is President of the South Texas Mustang Club, who is hosting the "Lone Star Nationals" 16-18 March. It will be great to see the city and attend my first MCA event. We have started planning our trip to "Mustangs at Sturgis" in South Dakota 24 Aug – 2 Sept. If it is anything like we experienced at "Mustang Week" in Myrtle Beach, SC, it should be pretty exciting. If you have the time you should join us.

If you haven't heard the news already we became a sister club to **Mustang Club Pink Power** out of Italy. This partnership will make the SAMC name grow worldwide. We still have work to do related to the committees we have established for the club. The MCA committee, Classic Mustang /Ford Committee, Events/Activity Committee and the Cruise Committee are all designed to help move the club forward with activities the club members will enjoy.

In closing, the Board has decided to move forward with a "Lone Star Mustang Round-Up" slated for 27 Oct 2018. This event is designed to bring in all the Mustangs and clubs in Texas together for a day of fun. We will be starting the planning for it shortly, so check your emails, Facebook or our webpage to see what is happening and the scheduled planning meetings. Finally, please keep Mary Govoni in your prayers as Paul and her work through her recovery. If you have questions, please contact me, Paul Woeppel, at [president@samustang.com](mailto:president@samustang.com).

## MESSAGE FROM THE EDITOR

**I wonder what would happen if I sent this newsletter out with no stories, blank pages, and no updates? Would anyone notice?**

I need your Mustang photos, write-ups, tech-talk, stories, suggestions, jokes, recipes, parts for sale, etc. Just like Paul said in his message last month - **we need people to volunteer** - and I need people to help make this newsletter a great publication for the entire club. Send your ideas, articles, etc. and photos to:

[rebeccadowda@yahoo.com](mailto:rebeccadowda@yahoo.com)

- Submission deadline for the **MARCH 2018** issue:
- **The weekend following the monthly Club meeting.**
- Meeting is MARCH 7th - so deadline is **MAR 17th**.

## San Antonio Mustang Club Editorial Statement of Purpose

The purpose of the San Antonio Mustang Club's monthly newsletter, HOOFPRIINTS, is to provide the membership with information on Club activities, cruises, volunteer opportunities, various articles on topics relating to Mustangs, editorials, and an occasional humorous insert.

Any member who wants to contribute their own article, editorial, or letter to the Editor with comments on previous Newsletter contents, is welcome and encouraged to do so. This is a publication put together for the benefit of the Club and belongs to the Club members. Without the members, this publication would not be possible. Comments and suggestions are always welcome.

**NOTE: Anything submitted for the purpose of publication will be reviewed and possibly edited.** The Editor, with the President and Board, has the right to refuse any article or editorial if the content of such is considered offensive, vulgar, or of questionable material. Readers should also know that all content submitted by other members are opinions only, relating to the integrity of the person who submitted the article, and should not reflect as the opinion of the Club as a whole.

The San Antonio Mustang Club (SAMC) is a San Antonio-based Club that also encompasses surrounding suburbs and smaller cities. SAMC is the first and largest Mustang Club in San Antonio. The Club was started in 1980 with only a handful of Mustang enthusiasts that answered a newspaper ad and gathered in the Northstar Mall parking lot. The Club presently has grown to over 150 active members, with 80% being family memberships making the Club over 200 strong. We are dedicated to serving all those who own a Mustang, who are past owners, or who dream of owning a Mustang and just simply love the Ford-built muscle car. We work to educate Club members and the public about all generations of the Mustang and promote its appreciation. You do not have to own a Mustang to become a member.

If this is your first time attending our Club Meeting or reading this publication, welcome and thanks for choosing to visit! We encourage you to explore all that SAMC has to offer. Check out our website: [SAMUSTANG.COM](http://SAMUSTANG.COM). If you have questions, please ask any member. If they can't help you or answer your question, they can definitely point you in the right direction!

in our Hoofprints Newsletter and on our SAMC Website.

**We are relying members of SAMC and our Sister Clubs to participate!!  
DON'T BE SHY!! GO AHEAD! YOU KNOW YOU WANT TO BRAG!!**

Here's how to send in your featured car/s in just 3 EASY STEPS:

1. **Write something!** Talk about your car dreams, where you found it, why you chose it, how you purchased it, what it means to you, what you've done to it, where you've been in it, etc. (just keep it clean please!)
2. **Choose 3 to 5 really, really good photos** of your car, with or without your own mug in the photos. .Jpg images work best and you can imbed them in your story in a Word document, or you can just send the photos as attachments.

## Street Outlaws Meet-Up Event

On Saturday January 20th, members of SAMC and other local Mustang clubs were invited to attend the filming of an episode of Street Outlaws at San Antonio Raceway. Everyone met up at the Shell station on Loop 1604 and IH-10, where they departed for the Raceway at 6:30pm. Apparently, a good time was had by all that attended.

## The Woodlands Car Club (TWCC) Cars & Coffee for a Cause - Casa Advocates

On Sunday January 7th, members of SAMC (Paul Woeppel and Traci Tate) met up with Randy Weldon from our sister club, NMCC at Cars & Coffee for a Cause. This event happens the first Sunday of every month from 7am to 11am (check in opens at 6:30am in front of Starbucks). The purpose is to provide a morning gathering using cars to raise money for Houston area charities. Each quarter the Market Street Association chooses a Montgomery County based charity to give the donations to. TWCC will be collecting coins/change, or items of any monetary amount for our donation to the Market Street "Change for Charities" program that will benefit non-profit organizations in Montgomery County. TWCC has collected and donated over \$20,000 to local charities from this program since 2008.

## Northside Mustang Car Club

SAMC linked together with the Northside Mustang Car Club (NMCC) in the Houston, TX area to make them a sister club. Below is information about NMCC, submitted to us by their President, Randy Weldon. A Calendar of their planned events will follow on the next page. Everyone is welcome to participate in their activities, and SAMC will make every effort to list them on our Calendar as well.

Northside Mustang Car Club (NMCC) was founded in June of 2009 and Chartered as a Regional Club by the Mustang Club of America creating 1 of 2 MCA Charter Clubs in the Houston, TX area.

Prior to being established, Mustang Owners had to travel over an hour to the west side of Houston to take part in organized Mustang Club activities as Members of the Mustang Club of Houston (MCOH). Today MCOH and NMCC work closely together to support each other and to deliver a larger positive impact for community outlook on the Mustang.

From inception, NMCC has been sponsored by Gullo Ford of Conroe/The Woodlands whose charity, Gullo Christmas for Kids, ensures children always have a Christmas and is supported by our club as is Honor Flight Houston which flies Veterans back to Washington DC to see War Memorials either for their 1<sup>st</sup> or potentially last time.

Each year NMCC holds 2 major car shows, one in the April/May timeframe (Gullo's All Ford Show to support Gullo Christmas for Kids) and one in October, the "Camaro vs Mustang Faceoff" to support Honor Flight Houston. (The HTown Camaro Club supports their charity during this event, The 100 Club for families of fallen 1<sup>st</sup> responders.)

NMCC also holds an annual Austin Overnight Cruise in June to grab a bite to eat overlooking Lake Travis and drive through the Hill Country, later relaxing and telling stories around the hotel pool.

Recently working in conjunction with the HTown Camaro Club we started what is believed will become an annual event, the "Camaro vs Mustang Bragging Rights Drag Racing Event."

NMCC also holds a monthly Cruise-In for Charity Event called TWCC, monthly dinners the 3<sup>rd</sup> Thursday of each month and a monthly Cruise-In for Fun event, the JCI Street Meet.

As NMCC has grown, we've focused on areas of club Members' passion and created "committees" for each area of passion. As an example, we created an Open Road Course Track Committee and now have members for an Open Course Track Team. The same is true for the Autocross (AutoX) Committee, Drag Racing Committee, Membership Committee, Car Show Committee, Family Events Committee, Cruise Committee and the OMR (Old Mustangs Rule) Committee who were originally called the OGR (Old Guys Rule) Committee until one of the guys objected to being called old....

Thru the creation of committees NMCC has become very active. On any given weekend it's now not unusual for NMCC to be taking part in 5 or more events in or around the city of Houston.

NMCC works very hard on 2 issues as a major focus: 1.) No Cliques; and 2.) No Drama. All of us got involved in our local club to have Fun. We're fortunate enough to have a Board of Directors who works well together and is very committed to working hard for the club. We're well aware that there is no club without our Members and our Members are here to have FUN.

Over the past year as the committee's have taken off, we've developed a slogan that we live, "Get Off the Couch with That Little Ol' Club from Texas, NMCC!"

We look forward to working closely to support SAMC and encourage any

SAMC Member finding themselves in the Houston area to come out & play with us.

## MUSTANG TIMES Article on New Scoring

This article was copied from Mustang Times, Volume 42, No. 01, January 2018

JUDGES' CORNER BY DAN TRAPP

### New Scoring: OD, DD, and Specialty Classes

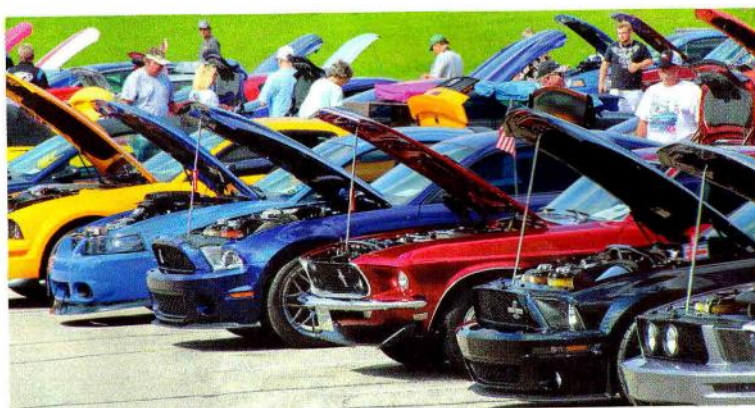

NATIONAL HEAD JUDGE | 1st-3rd Generations | 65mustangdan@gmail.com

**M**CA scoring for the Occasional Driven, Daily Driven, and Specialty classes has been an issue for many years. This all started back when we moved away from the days of cars competing directly against each other in their respective classes versus the new system of competing against a "standard of excellence" judging sheet, a system that has been in place for several years now. The former direct competition-style scoring potentially could have had a First-place car that was so far and away better than the balance of the cars in the class that there was only a First place awarded and no other awards earned in a class. The reason being was the balance of the class had to score within a few points of the named winner to be eligible for a Second or Third place award. I won't go into great detail here since this is a mute point now that we have walked away from that system.

We now use the "standard of excellence" style of scoring where there are a number of points available and a car must earn a certain percentage of those points to qualify for Gold, Silver, or Bronze. As it is now, there can be an infinite number of awards in each of the OD, DD, and Specialty classes. In other words, if each car scores high enough, every car can conceivably receive a Gold award.

Now I can discuss the issue we've had since the new system was put in place. For the Occasional Driven and Specialty class cars to earn a Gold award, they could miss just two points or less out of a possible 250 points total. Secondly, the Daily Driven cars could fall short only one point out of a possible 160 points to achieve a Gold award. Now, in my humble opinion, the scoring in these classes should be very tough since there is not an Authenticity component, but this scoring was too tight and we've heard about it from the owners and the judges of these classes. To achieve a Gold in these classes, a car had to score a higher percentage than a MCA Thoroughbred car! This is not to say that we've not had any of these cars achieve a Gold award. We have seen judging sheets come in from these classes with plenty of shortcomings written in the margins with little or no points deducted. To put it another way, the judges have become accustomed to the super-tight scoring requirements and adjusted their mindset to it. They are now reluctant to actually judge the car honestly since a very nice car will potentially go home without an award.

Now to the fix. Beginning with the fast approaching 2018 MCA show season, Assistant National Head Judges for OD/DD Billy Biggs and Jake Jarrell formulated a plan during the 2017 show season to change this system for the better. They did have help and input from several parties to put together a proposal for approval by the MCA Judging community and MCA Board of Directors. I'm happy to say that Head Judge Billy Henson presented that new scoring system to the MCA Board of Directors in October for the Occasional/Daily Driven and Specialty classes and it has been adopted for 2018.

Here are the basics: Occasional Driven and Specialty classes stay at 250 points available. Gold will be 97%: -0 to -8 points. Silver will be 94%: -9 to -15 points. And Bronze will be 91%: -16 to -23 points.

Daily Driven points will now be 200 points total (compared to 160 previously). Note that two points have been added to each of the 20 categories to reach the 200 total points. Gold will be 97%: -0 to -6 points. Silver will be 94%: -7 to -12 points. And Bronze will be 91%: -13 to -18 points.

Now before everyone gets giddy about how much "looser and easier" this new system looks, keep in mind that we will be instructing and advising our judging teams that they can now actually "take points" when they find deficiencies while judging a car in these classes. We as judges are looking to help you make your Mustangs better each time you bring them out. So clean and shine them, make those repairs, and get ready for next season. I think you will find this new system fair and equitable.

See ya on the trail!

## MCPP - A Point Of Reference for all Mustang Girls of the Globe

At our SAMC monthly meeting on February 7th, Paul Woeppel announced that he was contacted by the President of MCPP, (Mustang Club Pink Power), an all-female Mustang Club based in Italy. She asked if they could be a sister club to SAMC, so Paul brought it to a vote and it was unanimous—we are now linked with Mustang Club Pink Power!

Here is their website: <http://www.mustangclubofitaly.it/mustang-club-pink-power/>  
For MCPP Contact: [mustangclubpinkpower@libero.it](mailto:mustangclubpinkpower@libero.it)

I had to click "Translate" when I visited their web page, which was of course written in Italian!! I found that it's not their website, but actually an article about the club, how and why it was created. MCPP is part of a Italy's premier "Mustang Club of Italy" (MCI) and that website is: <http://www.mustangclubofitaly.it/>  
For MCI Contact: [infomustangclub@yahoo.it](mailto:infomustangclub@yahoo.it)

Here is what I copied (and edited) from the translated article that was posted by Manuella Mazzon on Sunday November 06, 2016 (Published in Articles, Clubs) on the MCI web-site...

*"The Pink Power Mustang Club was founded in 2013 as a group on Facebook by my will thanks to Mary's encouragement, Socia MCI, turning a dream into reality with the aim of giving voice and importance to the female part of the Mustang world. This is how a group of women of all ages has been created without territorial boundaries that, animated by the passion for the Mustang myth, meet and compare and actively contribute to making transversal alliances between Mustang Clubs all over the world.*

*In 2016 I converted the group into a Club officially enrolled in the Turin Chamber of Commerce, following the example of the Mustang Club of Italy which has always been the first and only official Mustang Club in Italy...*

*The passion for MUSTANG and/or the man who loves Mustang is the only requirement to be part of this international Team of women representing the "Pink" side of the Mustang. In addition, we share with the men the joys and pains of the world of engines because alongside every Mustang enthusiast there is almost always a woman, maybe future PINK POWER."*

## SAMC Overnight Cruise to Houston

On Saturday, February 17, 2018, six (6) Mustangs and one (1) Ford pickup left Seguin at 9:00 a.m. The weather was a little damp and dreary. The group included Jerry & Bea Kalinowski, Rick & Isabelle Birnbach, Paul & Renee Read, Jim & Jean Cooper, Jay & Traci Stetler, Curt Fodderie & Cheryl Lewis, and Tom Kalinowski with Kaitlyn & Lisa Kalinowski.

Along the way to Houston, we made a stop at Buc-ees in Katy. One of our cruisers had never been to a Buc-ees before, so getting her to leave was fun, but we did manage to get our picture taken with Buc-ee.

Once we reached Houston, the weather had cleared so we went directly to Kemah Boardwalk. We walked about and saw the sights for a few hours.

By the time we checked into the hotel and got situated, it was dinner time. Nate & Tammy & Austin Thompson and David & Kathy Gunnoe arrived after attending Austin's robotics competition. With these arrivals, everyone gathered in the downstairs dining room for drinks and camaraderie.

After breakfast in the hotel Sunday morning, we all took off for the Lyndon B. Johnson Space Center. While we were waiting for our tram tour, one of the many exhibits to see in the main area included the Apollo 11 capsule, which is on tour of the US. We got a group picture with everyone, although all you can see of Jean Cooper is the top of her head. We saw the International Space Station (ISS) Control Center, also the building where there are mock-ups of the space capsules of each of the participating nations and a mock-up of the Space Station where the astronauts train. There was also a 747 with the Independence space shuttle on top that we toured through.

Orion is the current NASA Mars mission. The plan is to travel back to the moon in the 2020's, a Mars moon in the 2030's, and Mars itself in 2043. All in all, it was a great tour for the San Antonio Mustang Club. Now we have a few more space experts in our club.
